

A SCENE from "Finian's Rainbow" to be presented Friday and Saturday evening of this week at Antioch Township high school is shown in this photograph taken Sunday afternoon during rehearsal. Shown are Peggy McNeil as a deaf girl and Charles Bruhn as "Og", the leprechaun who falls in love with every girl in sight. Here he is emerging from a "well". The popular musical comedy will be given by the ATHS music department starting at 8:15 both evenings in the school auditorium.

'Finian's Rainbow' Is March 25-26

The question will be raised "How are Things in Glocca Morra?" when the curtain rises on the music department's presentation of "Finian's Rainbow", at 8:15 p.m. this Friday and Saturday in the Antioch Township high school auditorium.

This song reached a peak of popularity seldom matched by any other in recent times when "Finian's Rainbow" first was produced in 1947.

After a year or so the air-waves and juke-boxes had apparently used the song up, but when the show which first introduced the song was revived in New York in the spring, that song and all the show's other tuneful hits were found by metropolitan critics as fresh as ever, and undamaged in their appeal by the playing-to-death their popularity had brought on earlier via mechanical means.

But "Glocca Morra" is only one of

the triller-thrillers of this show. "THIS TIME OF YEAR," a chorus that opens the show blazes with exuberance, and so do "The Great

The sale of programs for "Finian's Rainbow" to be presented Friday and Saturday evenings in the high school auditorium will be sponsored by the Antioch High School Music association.

Proceeds from this sale will go toward sending students to summer music camp, leaders said.

Programs include a synopsis of the story, pictures of the cast, a list of those taking part and many other items of interest.

Eddie Van Patten Dies At Age 45

Marvin (Eddie) Van Patten, 45, of State Line road, Antioch and president of the Hickory school board of education, died suddenly Tuesday night on his way to a board meeting.

He was born Dec. 30, 1914 in Antioch and served for four years at Camp Forest in Tennessee with the armed forces. Mr. Van Patten was married to Dorothy Hunter on May 18, 1940 in St. Ignatius' Episcopal church.

A charter member of Hickory chapel, he also was a member of Sequoit lodge No. 827, A. F. & A. M. He had been president of the Hickory school board for three years. He had been a mold and model maker for 15 years with Regal China in Antioch.

Surviving are his wife, Dorothy; a son, John; a daughter, Judith; two brothers, Laurel and Llewellyn, Jr.; a sister, Mildred Noda; his mother, Mrs. Deborah Van Patten.

Funeral services will be held at 1:30 p.m. Thursday at Strang funeral home with Rev. Gilbert Howe of Hickory chapel officiating. Burial will be in Hickory cemetery.

Come-and-Get-It Day" and "When the Idle Poor Become the Idle Rich."

Both celebrating the moment when everybody, blessed with the magic of the pot of gold, has the credit to buy anything—really anything—that his heart desires.

Wry humor peeps out of the Leprechaun's song, "Something Sort of Grandish," and his confession of fickleness "When I'm Not Near the Girl I Love," and also the explanation of "Necessity."

Probably the most haunting song of the E. Y. Harburg-Burton Lane score is "Old Devil Moon"—relating how its devilishness makes romantic mixups for people.

Apart from the songs, "Finian's Rainbow" has a story that is rare in our time for being an original libretto, rather than an adaptation of some previous novel or play as have been most other important musicals of recent times, such as "South Pacific," "The King and I," "Carousel" or "Guys and Dolls."

Heart of this story is Finian him-

Voters Face Busy Day on 9th of April

Saturday, April 9, is shaping up to be a mighty busy day in Antioch and vicinity with election of school directors scheduled in many districts.

Among them will be Hickory, Emmons, Antioch Township high school, Antioch Grade school, Grass Lake, Channel Lake and Lake Villa-Hooper. Oakland school is included in the Antioch Grade school district.

There will be no opposition to incumbents in the Lake Villa-Hooper school district where Herman J. Wolff of Lake Villa and John J. Brandt of Venetian Village are candidates for re-election.

Elroy K. Anderson, Leslie W. Sorensen, Harold E. Cardiff, Sr., and Roy C. Truelsen have filed for two 3-year terms on the Antioch Grade school board. Anderson seeks re-election but incumbent Charles Wertz did not file.

GRASS LAKE school district will name two board of education members. Candidates listed on the ballot will be Robert H. Hart and Charlotte Queen. They would serve for three years.

Two will be elected in the Channel Lake district where candidates on the ballot will be John R. Eckert, Richard C. Harland, Russell Roepack and Charles Lee McKinney. Winners would serve for three years.

Hickory and Emmons school district voters will caucus immediately before the polls open at their respective schools and nominate candidates for school directors.

Voters will ballot at Hickory school between 2 and 4 p.m. and at Emmons from noon to 5 p.m.

ANTIOCH TOWNSHIP high school board of education candidates are Mrs. Marie D. McLelland of Lindenhurst and Lester Boyd Osmond of Antioch for a two-year term.

Seeking election to a 3-year term are Robert Denman of Milburn and Milburn Cain of Antioch, incumbents, and Mrs. Mary Chase of Channel Lake and George Bartlett of Antioch.

Polls at the Channel Lake, Antioch Grade, Grass Lake and Antioch Township high school will be open from 12 noon to 7 p.m.

self—a hearty, jovial Irishman who has the ingenuity to say that he has "lend-leased" a leprechaun's pot of gold when he has actually swiped it.

HE IS a cheerful teller of lies, who knows he tells lies but convinces himself and everybody else that he tells the truth.

Lying with him is no habit—it's a gift!

One of the comic fantasies of old Finian is his notion that the thing to do with the gold he has "liberated" from the leprechaun is to

Lindenhurst Children Send Out 'Help' Call

By Mrs. Edward Bernau

LINDENHURST—Bill Bernau, 11, Anthony Labarbera, 12, and his sister, Carol, 10, all of White Oak drive, decided to go for a walk through Venetian Village last Saturday afternoon.

An hour and 10 minutes later, they found themselves on Route 21 and Engle drive, at the new Venetian Village Shell station, that had just opened.

All in and dreading the walk home, Bill called home and asked his dad to "Please come and get us." Jokingly Dad said he was busy and couldn't make it. Three hearts dropped but lifted up when Ed said he's be right over.

While waiting for Ed to get there, the attendant gave them each a glass of coke, a sucker and a balloon. Bill was never so happy to see his Dad.

Bill was lucky he had the dime in his pocket. Children remember when you leave the house, ask mother or dad for that dime so you, too, can call home, if necessary.

Famous Trapper Of Foxes Will Talk Here Soon

One of the best known fox trappers in the midwest, Joe Duffin of Kenosha, Wis., will speak and show pictures Saturday evening, April 2, in the parish hall of St. Ignatius Episcopal church.

Time for the event which is expected to draw a capacity crowd has been set for 7 o'clock.

Duffin trapped more than 1,200 foxes in eight months along with quite an assortment of skunk and raccoon, Wisconsin sources reported. Bounties received from the fox trapping went to the Boy Scout movement.

He works a night shift for a living and traps foxes solely as a hobby without any thought of profit. Because of his working hours, he is limited to what he can do.

The Kenosha has told friends that he "wants to help out on the fox problem as much as I can because these animals will continue to be a threat to all small game until they are controlled."

He said he was willing to give instruction in fox trapping without charge and will appear before groups with his colored movies as often as his time will permit, just for expenses.

His present movie deals with summer trapping and it is expected this will be the one shown in Antioch April 2. He is in the process of filming another to show trapping with snow on the ground.

The talk and motion picture showing will be open to anyone interested.

Cash Prizes, Commissions Offered To Workers Who Solicit in Areas

Cash prizes and commissions estimated at \$2,000 will be distributed by the Antioch News and the Lake Region News to residents of this area during a trade expansion subscription contest that will be launched April 2.

Winner of the contest will receive a cash prize of \$500. The runner-up will be presented with \$200 in cash. Other cash prizes will run from \$150 to \$50.

All entrants will receive a minimum of 20 per cent commission on sales.

The trade expansion circulation drive is aimed at broadening the present coverage of the Antioch News throughout the Antioch, Lake Villa and Lindenhurst communities and nearby rural areas.

The campaign is aimed at broadening the present coverage of the Lake Region News in rural Kenosha county, including the communities of Trevor, Wilmet, Salem, Silver Lake, Paddock Lake, Bristol, Brighton and Paris.

Publishers of the newspapers said the contest is expected to be the most extensive ever held in these areas. Conducting it will be Mrs. Naomi Webb of the Marion Circulation company of Marion, Iowa.

AS CONTEST manager she will assist candidates in every way possible.

She will be available to contestants until 8 p.m. each day at the Antioch News office. All details of the campaign will be handled by her.

Both new and old subscriptions will be included in the contest. A greater credit of points will be awarded, of course, for new subscriptions. No subscriptions for more than two years will be accepted for the contest.

Each worker will be paid for his or her time and effort on a commission basis. There can be no losers among the workers.

Only a limited number of candidates for the prizes will be accepted as contestants.

Persons who wish to try for prizes must enroll before the quota is filled.

OBJECTIVES of this campaign are twofold:

First, it is intended to increase the subscription lists of the Antioch News and the Lake Region News. The publisher wishes to extend newspaper coverage and to increase the already fine coverage of the immediate communities.

The two papers at present enjoy a large circulation in the Antioch-Lake Villa area and in rural Kenosha county, but are determined to

keep in step with, or a little ahead of the growth of population.

Second, the campaign affords readers an unusual opportunity to profit in a big way through their spare time activities during the next few weeks.

To gain these objectives quickly and advantageously, the attractive cash prizes are made available for distribution among the campaign workers. Ambition and energy are the only requisites for success.

Prizes will be awarded according to the vote standing at the close of the campaign.

THE WORKER having the highest number of votes will receive \$500. Remaining prizes will be awarded to the next highest candidates in order.

Votes will be tabulated as explained in an advertisement published elsewhere in this issue.

Any man or woman can enter the campaign and become a candidate. There is no entry fee of any kind. Simply fill out the entry blank which will be found in this issue, sign and return it to the Antioch News or the Lake Region News.

The campaign will run for a period of four weeks and will be personally supervised by W. E. Reinisch, manager of the Marion Circulation Co. of Marion, Iowa. Local manager will be Mrs. Naomi Webb.

Town Meeting Schedule For April 5 Is Outlined

A vote will be taken on social security coverage for Antioch Township library employees, the township highway commissioner and all other eligible township employees, at the annual town meeting Tuesday, April 5.

This meeting is scheduled for the Antioch village hall starting at 2 p. m., town clerk L. R. Van Patten, Jr. announced this week.

Reports of officers will be heard and considered and those attending will appropriate money to defray necessary expenses of the town. They also will decide on any other measures that may be brought before the meeting.

All-Purpose Room Planned For Channel Lake School

By Mrs. Pearl Kapell

Phone Antioch 1837

CHANNEL LAKE—Having reviewed the results of a telephone survey taken by PTA members on public opinion for and against building an all purpose room at the

school, the Channel Lake school board has decided to proceed with plans for the addition.

The random survey did not cover every voter in the district. Results were 111 for the addition, 53 against it and 6 undecided.

The board tabled a request to join in the county-wide program for all schools to join in supporting a special school for exceptional children until members could get more information as to exactly what the obligations for the individual school would be.

The matter of discipline in the school was brought up. The majority of the board felt there was no problem and the discussion was dropped.

Five board members decided to make a tour of the school and particularly the gym at Wauconda on March 23 to further the investigation of possibilities for the addition at the school.

Girl Scouts of Troop 73 met at the school on March 17, to plan a party for the mothers of the girls for the first Sunday in April.

All the girls are asked to bring empty potato chip cans to the next meeting.

A new adult leader for the troop is being sought by Mrs. Ruth Trussell, present leader, as the schedule of the classes she is attending for college credits conflicts with the Girl Scout meetings.

Bill Barnstable spent last weekend at the home of his parents at Lake Catherine. Bill is attending the University of Illinois.

New Phone Building Construction On Lake Street Formally Launched

New dial telephone service moved closer for Antioch when ground was formally broken this week Wednesday for the new dial exchange building on Illinois Bell property at 831 Lake street.

Civic officials joined company representatives in the traditional ceremony held shortly before noon Wednesday.

The groundbreaking launched Illinois Bell's improvement program designed to bring dial service to Antioch next year.

The new one story and basement structure will house dial equipment. Contract for the office was awarded to the Tonyan Construction company of McHenry.

Designed by the architectural firm of Holabird & Root, the building will be constructed of face brick with limestone trim.

Following the brief period of ceremonial shovel welding by civic and company officials, Antioch telephone manager D. L. Hood commented on the progress of the dial conversion project.

He pointed out that this ceremony

marked one of the first visible steps in bringing dial service to Antioch. "To engineer and construct a dial telephone exchange—to tailor make it to fit the needs of a town like ours—is a complex and exacting job," Hood said.

"We expect the building to be ready for installation of the dial equipment in about a year," he explained.

"Then the big job of converting our present telephone system to dial operation will get into high gear."

"However, several months will be required to install the test equipment, change customer's instruments to dial phones, transfer cables into the new building and do all the dozens of jobs necessary before the changeover to dial," Hood said.

Among those at the groundbreaking ceremonies were:

Murrill Cunningham, mayor; Walter I. Scott, police chief; Howard Shepard, Antioch News; Edgar Simonsen, fire chief; Mrs. Nancy Reichardt, Antioch chief operator; and Charles Smith, Antioch wire chief.

STUDENTS TOOK OVER at Antioch Township high school last Thursday during "student government day" and here are a few of them with the teachers or school administrators they represented. Shown in the background are pictures of former graduating classes at ATHS as they can be seen by anyone wishing to do so. Shown from left, are Bob Wozniak who "assisted" Warren Polley, assistant principal; Norma Brown and principal Albert Dittman; Dennis Kaminski, Bob Geske and teacher Frank Denison. They are shown standing in the hall near the front entrance to the building and not far from the school office.

DEAR READER News Editorials

Cruelty to Animals and Humans

Two instances have come to our attention recently of dogs being stricken through eating poisoned food and then dying from the poison before anyone could administer an anti-dote.

Certainly this is one of the lowest forms of cruelty to animals there is.

Dogs are allowed to run at large in the county from November to April and of course even the owners must keep some restraint on them. But surely the way to keep dogs from harming people, gardens or what have you is something better than putting out poison.

And even more dangerous is the possibility a child might pick up the poisoned food and eat it unknowingly.

Young children wandering through yards or in wooded areas, or where ever such food might be placed, could find what looked to them like something good to eat—maybe a piece of candy lying on the ground.

They would not know it was poisoned, to catch predatory animals or other animals doing harm to gardens or annoying people.

It is against the law to put out poisoned food such as apparently is being done in the Antioch area.

It is dangerous to humans and to animals. It might be your son or daughter who becomes poisoned, or your dog, rabbit, cat or other pet.

Let's obey the law. Let's protect our children and animals.

Games Enjoyed At Club Meeting In Lindenhurst On St. Pat's Day

By Mrs. Bernice Bernau
Phone Ellet 6-5648

LINDENHURST — The Game Playing club met at the home of Mrs. Anne Hartokolis on Thornwood drive on St. Patrick's day evening.

One of the games played was tasting 15 different condiments placed on a sheet of paper and trying to guess correctly what each was. A few of the things were sugar, salt, flour, cream of tartar, baking powder and pepper.

Another game was guessing the product advertised when the slogan was given and the product left out. Members were also given a time limit to make up a shopping list starting with A for apples and B for beans and so on down the alphabet.

Winners of the games were Anita Romono, Evelyn Ducas and Peggy Karry. Other girls in the club are Nancy Kleffner, Esther LaChance, Sally Keppeler, and Dee Flint.

They all enjoyed eating a cake with green frosting and the table was decorated appropriately for St. Patrick's day.

Belated birthday greetings to Mrs. Erna Hansen of Countryside lane who celebrated her birthday on St. Patrick's day.

Mr. and Mrs. Augie Matthies of Thornwood drive and their two daughters, Linda and Donna, attended the Medinah Shrine circus Saturday. They all enjoyed the show very much. They stayed over night at Georgia's parents, Mr. and Mrs. Leo Cariveau, in Chicago. Sunday afternoon they visited relatives, Mr. and Mrs. Don Connors and Mr. and Mrs. Ed Wilson.

All are sorry to hear Mrs. Ted Brendell of Thornwood drive isn't feeling well and is being confined to her bedroom. Hope she will be able to be up and on her feet soon.

When Irene and Denise Plouviez of White Oaks drive, asked Dad, Ted, to make them a snowman, he obliged by making them a six foot snowman complete with facial features. He was standing up nice and straight at first, but those warm days last week had him tilting by Sunday afternoon.

Mrs. Grace Slove of Sunset lane is organizing an Ivy league for Lindenhurst and the surrounding area. The first informal meeting will be held at her home at 8 p. m. Thursday, March 24.

It will be known as Ivy league No. 15. If you aren't familiar with the Ivy league, be sure and call Mrs. Slove or attend the meeting and find out. Everyone is invited to attend.

Friends of Tom and Dolores Boyle of Valley drive surprised them with a going away party for Tom, Saturday, March 19. Tom left for Pomona, Calif., Monday, March 21, to take a position with the Hammond Organ Company out there.

Dolores will follow with their four children, Timmy, 7, Gary 5, Lynn 3 and Debra 9 months, when school is out. They have resided in Lindenhurst for the past five years.

The neighbors were Tom and Cookie Nadelhoffer, Ken and Terry Coles, Herb and Stel Mertes, Ervin and Gertrude Smith, Mrs. Margaret Metz and Jack and Eileen Springer.

They brought all the solid and liquid refreshments that were needed to make up a good party. People played the organ and sang songs. Mrs. Betty Queen of White Oak drive whose birthday was March 19,

and her son, Johnny's sixth birthday was March 20, celebrated March 15 by going to the Shrine circus, with the rest of their family, John Sr., Julie 4, and little Barbara Jean, 11 months old. They all enjoyed the circus very much, especially the clowns.

Mrs. Anita Romono is the sales table chairman for the Lindenhurst Garden club flower show. Mrs. Nada Romoni's name was given by mistake, due to the similarity in names.

Sunday afternoon Mr. and Mrs. Martin Golden and their five children Billy, Sandra, Marty, Jr., Michael and Denise, of Elmwood drive, went to the home of Dorothy's sister and her husband, Jane and Bill Josephson in Joliet to celebrate Dorothy's mother's birthday, Mrs. Gertrude Wright of Chicago. Other people at the party were Dorothy's father, Bill, her brother Bud, his wife, Dolores and their son Tommy; the Josephson children, Nancy, Jimmy and Susan and several aunts and uncles.

To be sure grandma would have a "Happy Birthday Grandma" cake Dorothy brought one along. Everyone else had the same idea.

Grandma ended up with four birthday cakes!

Our sympathy to Mrs. Evelyn Gilliland of Old Elm road, on the recent loss of her mother, Mrs. Dorothy Rozzoni, of Kenosha, Wis. Cub Scout Pack 84 thanks each and every one who helped to make its bake sale a success last Saturday.

Susan Lazansky of Hawthorne drive had some of her girl friends in March 12 to help her celebrate her ninth birthday, that was March 15. They were Carol Harceg, Kathie Hartwig, Dawn and Amy Mindak, Debbie Christensen and Susan's younger brother, Steven.

They played musical chairs, pin the tail on the donkey, dropped clothes pins in a bottle and other games.

Winners received prizes for their efforts. Mrs. Evelyn Lazansky baked a cake that they all enjoyed eating with their ice cream and soda.

The Lindenhurst Garden club will have its regular monthly meeting at 8 p. m., Monday, March 28, in the home of Mrs. Sam Loblillo on Countryside lane. Mrs. Donald Ringstmeier is president.

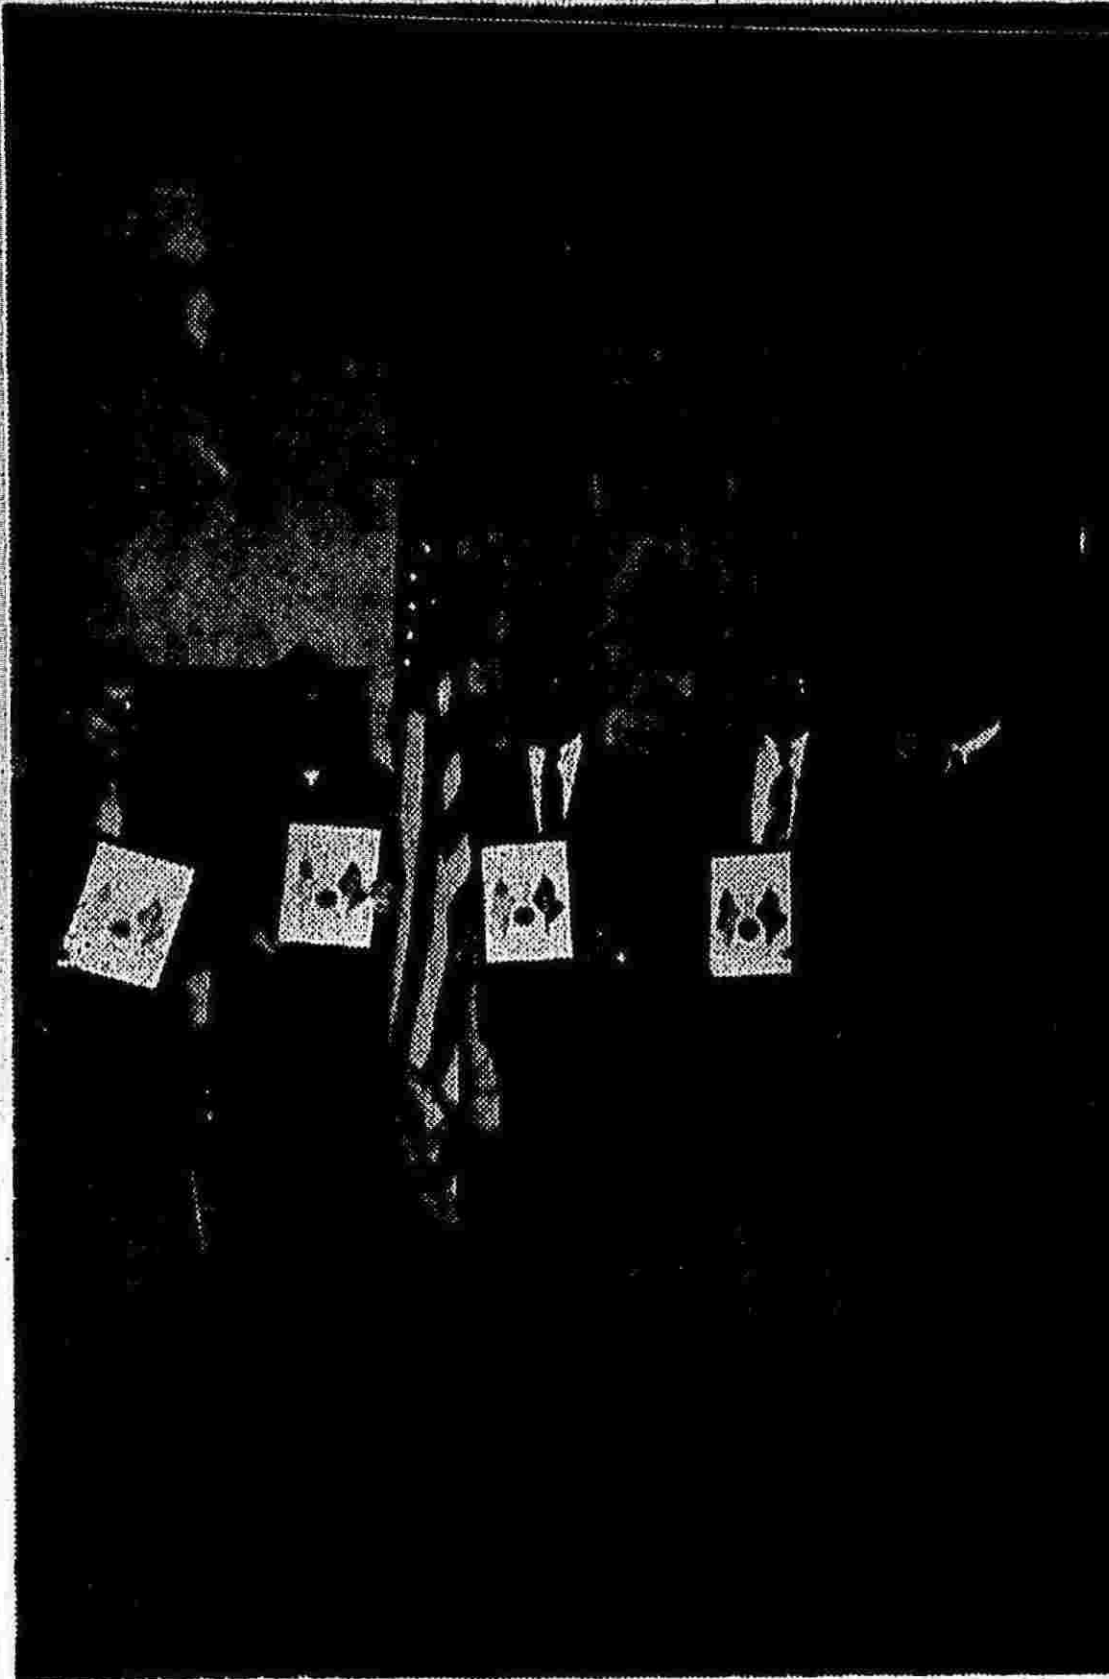

Mr. and Mrs. Hughes from Hughes Tulip farm will show colored slides and give a talk on the spring planting of bulbs.

Mrs. Bob Smith of Pine Crest lane, and her two children, Steven and Wendy, spent Tuesday, Wednesday and Thursday of last week in Chicago visiting her sister, Mrs. Eleanor Sawyer. They were supposed to come home Wednesday but the snow started piling up, they thought they had better stay another day until the roads were cleared.

The Gad-a-Bout club didn't do much gababouting last week. Just Phyllis Kleban, Shirley Heidner and Barbara Bernau played games at Dorothy Golden's home on Elmwood drive March 18.

Dorothy Smith and Sandy Drago were stranded in Chicago, Lorraine Grant had laryngitis, Pearl Labarbera had to take the children to church and Frances Pennella could not make it.

Proposed New Gavin School Talked At Fox Lake Hills Ass'n. Meeting

By Jim Jankowiak
Fox Lake Hills Correspondent

FOX LAKE HILLS — The Fox Lake Hills Property Owners' Association meeting was the scene of quite a bit of action Monday night.

Before the session even started, Oran Kennel, principal of Gavin Grade school, spoke on the forthcoming bond issue to build another branch to Gavin school.

He stated that land has already been acquired for the proposed Gavin South at the intersection of Wilson road and Rt. 134. Total cost of the bond issue is \$275,000.

It was pointed out that the yearly cost to the people of the Gavin school district would be approximately \$4.70 per \$5,000 assessed valuation.

Kennel failed to mention, however, that once the school is built, it will cost quite a bit more to maintain it—thus causing the need for more taxes.

Instead of building a large school on a centrally located spot, advocates of the new school will build away from the two already constructed Gavin schools.

It was said that the site of Gavin North could have easily accommodated more than the lower grade levels by planning the structure so that additions and a second story could be added.

At the meeting proper, representatives present from Unit 1 gave their requests to the board.

The board said it would look into the idea of putting a fence between East Shore Gardens and the Hills and also putting a light down at the Unit 1 beach.

Thirty dollars was appropriated to buy materials for benches at the beach provided that the residents build them.

A request to take action on the Chesney Drive park was turned down due to the fact that the land

Antioch Area Students Awarded Scholarships

SPRINGFIELD — Several from the Antioch area were among those winning Illinois state scholarships for 1960-61, the governor's office announced this week.

Although the average stipend is \$450 this year, awards vary in size from \$65 to a maximum of \$600. Since many college costs rose this year, the size of the average stipend rose also—\$40 over last year's \$410 average.

The next competitive examination for high school seniors will be held in the winter of 1960. Following this, a like number of scholarships will be awarded early in 1961.

Antioch area winners for 1960-61 included:

Lake Villa—James Jankowiak of route 1 and Daniels Justus of route 3, box 178.
Ingleside—Neil Herbert of route 1, box 589.
Solon Mills—Bruce Gardner.

DEAR EDITOR Your Letters

March 15, 1960

Antioch News,

Dear Editor:

Too often, we send letters to our local paper only when we have something to gripe about. I would like to thank Mayor Cunningham, city officials and employees, for the manner in which they have handled our snow removal problem this winter.

Thanks especially to Mr. Simonson and his department, Chief Walter Scott for information on road conditions, and a special bouquet to Mrs. Scott who answered hundreds of calls.

Senator McClory Election Backed

State Senator Robert McClory has been recommended for re-election by the Better Government association and the Legislative Voters league.

Sen. McClory served one term in the house of representatives and is now completing his second term as state senator serving Lake, McHenry and Boone counties.

He is a candidate for the Republican nomination for state senator in

the April 12 primary election.

The board of directors of the legislative watchdog organization notified Sen. McClory of its decision in a letter stating, "You are authorized to state in your advertising or publicity that you are recommended for re-election as well-qualified by the Better Government association."

The Better Government association and Legislative Voters league rate candidates for office according to their record of service and integrity.

Snowstorms Increase LV Library Attendance

LAKE VILLA — Blizzards and snowstorms may inconvenience some, but they bring an increase in the circulation of the Lake Villa Township library, said Mrs. Ted Belke, librarian.

Students and scholars use the library every day for reference and homework purposes. This winter has brought a great increase in reading for pleasure by adults.

Non-fiction becomes more and more popular, although most adults read fiction and non-fiction.

Recent donors to the library have been Charles Wullenbuecher, Mr. and Mrs. Clare Appleby, Mr. and Mrs. Robert Hammit and Mr. and Mrs. E. B. Bruner.

Moon Mullins Honored At A Buffet Dinner

ROUND LAKE PARK — Half a dozen Lake county township supervisors plus hundreds of supporters attended a buffet dinner for assistant supervisor Melvin C. (Moon) Mullins of Avon township last Friday evening.

The dinner sponsored by a citizens committee for Mullins was held at the American Legion hall.

Mullins is a candidate for the Republican nomination for Lake county coroner in the April 12 primary.

Among supervisors who attended were county board chairman Guy L. Grinnell of Libertyville Township; Joseph Welch, Cuba; Robert J. Dickson, Wauconda; Frank Valenta, Grant; Benjamin E. Stickels, Libertyville; Morris Murrie, Avon; Kenneth Heinke, Benton; Karl Berning, Deerfield.

Former Resident Of Lake Villa Dies, Arkansas

By Mrs. Fred Bartlett
Phone ELliot 6-5372

LAKE VILLA.—Mrs. Gus Swanson passed away at a hospital at Hot Springs, Ark., Friday. She lived at Glenwood, Ark., with her husband. They resided in Lake Villa for a number of years before moving to Arkansas. She helped organize the first junior choir of the Lake Villa Methodist church.

Mrs. Fred Bartlett, Sr., spent Friday visiting at the home of Mr. and Mrs. Norman Nelson.

Mrs. Connie Rox was a patient at Victory Memorial hospital last week.

Brian Ladewig spent last weekend at the home of Mr. and Mrs. Elsworth Ladewig of Zion.

Mr. and Mrs. Albert Healey, Sr., of East Troy, Wis., were visitors Sunday at the home of Mrs. Tina Gerber.

The Kadette drill team sponsored by the Lake Villa VFW post and auxiliary participated in the St. Patrick day parade in Chicago.

The VFW auxiliary sponsored a party at Downey Tuesday with the following attending: Arlene Slazes, Joyce McCleod, Kay Kasting, Doris Blumenschein, Dorothy Barnstable, Vickie Collins, Cecile Blumenschein, Ramona Sheehan, Frances Barnstable, Etta Sciaccaro, Helen Keisler, Lillian Gray and Jeanette Keisler. Sandwiches and coffee were served to the patients at the close of the party.

The next regular meeting of the Royal Neighbors of Cedar Lake camp will be held at 8 p.m. Tuesday, March 29, at the Lake Villa village hall. Oracle Edna Botts will preside.

Cub Scouts of Lake Villa enjoyed a bus trip to Chicago Saturday and saw the show "The Wind Jammers."

Arlene Letting was a dinner guest Sunday at the home of Mr. and Mrs. J. Jacobson of Waukegan.

Miss Pamela Lane of Chicago was a guest at the home of Mr. and Mrs. Jacob Fish Saturday.

Little Janice Killough is absent from school because of illness.

Mr. and Mrs. Ralph Garland, Carol Gerber and Richard Courtland of Burlington, Wis., were visitors Sunday at the home of Mrs. Tina Gerber.

Mr. and Mrs. Kenneth Young and daughter, Cynthia, of Zion were dinner guests Friday at the home of Mr. and Mrs. Verdon Killough.

Mrs. Hyre Will Host Garden Club Meeting

The Antioch Garden club invites all its members to meet at the home of Mrs. Roy Hyre on Monday, March 28, at 12:20 p.m.

Miss Vivian Rankin of the department of conservation of Illinois will present the program called "Wildlife."

Mrs. John Wagner will be co-hostess for the day.

A group of 10 garden club members enjoyed the garden show at the International Amphitheatre in Chicago this week Monday. Club members hope those attending will have much to share with other club associates.

Motorists should avoid lane-straddling and lane-weaving. If you have to move from one lane to another, first make sure you can do so without endangering others.

Kric Employed As a Custodian; Election Set Up

John Kric, who lives at Crooked Lake in the Antioch Township high school district, has been employed as a custodian at the school building replacing Robert Michaelson, who resigned.

Kric, whose appointment to the post was approved last Wednesday evening, at the monthly session of the high school board of education, will act as custodian and as bus driver.

The school trustees also formally approved contracts for the high school teaching staff.

Voting procedures for the high school board election to be held Saturday, April 9, were set up.

Three precincts were established with precinct 1 voters to ballot at the high school building, precinct 2 at the Lake Villa grade school and those in precinct 3 at the B. J. Hooper school in Lindenhurst.

Hours will be from noon to 7 p.m., the same as for the grade school board election the same day at the Antioch grade school building.

MOOSE TOPICS

Six new members were initiated into the Antioch Moose lodge Saturday evening. They were Frank Fleider, Norman C. Jarvis, John J. Halvey, Arthur Wolf, Donald A. Lett and Anthony Wayne Miller.

The Antioch Moose ritual team performed the ceremony. The team is composed of Carl Schiesser, Robert Avery, Lester Nelson, Clarence Jarvis, Arthur LaFlamme and Henry Grewe.

Lester Palmer is degree staff chairman. The ritual team put on a fine performance.

A dance with music furnished by some of the Moose members and a buffet luncheon prepared by Mr. and Mrs. Michael Tulumello with the help of some ladies of Moose were the highlights of the evening.

The Winner Legion No. 74, Legion of the Moose, will hold a spring ceremonial at Racine Moose home Sunday, March 27. Initiation of candidates will be at 2:30 p.m.

Ladies will be entertained while the Legionnaires are attending the meeting. Dinner will be served at 5:30 p.m.

L.V. Resident Enrolled In Great Books Course

Registration is still open for participation in the annual free "Great Books" leader training course for the North Suburban community. The course is offered at the Winnetka Community house, room 204, 620 Lincoln, Winnetka.

The only requirement for participation in this program is an interest in reading and people and ideas from the great books of western civilization.

When members complete their 10 session course they will be prepared to return to their own communities and form great books discussion groups among their neighbors and friends.

The course began Monday, March 21, and will continue for 10 consecutive Monday evenings from 8 to 10 o'clock through May 23.

For further information, one may contact Florus B. Albert of Lake Villa, Elliott 6-5448, or the Lake Villa library, or Mrs. Muriel Levin, North Suburban coordinator, Alpine 1-4611 in Wilmette.

One may also contact the Great Books foundation at 37 South Wabash, Chicago, phone Dearborn 2-5870.

If you're going to buy a low price car...be sure you get the better one!

Many people figure that since the car they are considering has historically had a "low-price" name it must be, in fact, a low-price car.

This, at one time, was true. But today the names of cars, as you may know, have very little to do with their prices. Many cars with traditional low-price names cost more than Mercury—a name you have always associated with higher price cars. Our point is this:

A Mercury Monterey, with deluxe appointments, is now priced \$31 to \$66 less* than any of the best selling Fords, Chevrolets, and Plymouths (the V-8 powered Galaxies, Impalas, and Furies). Yet Mercury offers you far more of everything you want in a car.

*Based on comparison of manufacturers' suggested 1960 retail base prices for lowest-priced V-8 powered models.

MERCURY ADDS UP TO A BETTER LOW-PRICE CAR—Mercury has a 7 to 8 inch longer wheelbase than Galaxy, Impala, and Fury + 289 to 494 pounds more weight + up to 23% more insulation + more spacious passenger compartment + self-adjusting brakes + up to 28% more visibility + more luxurious interior + finer quality (every Mercury is road-tested before it is shipped, not just spot-checked as all other low-price cars) = Smoother ride, extra satisfaction.

Yellow and white spring flowers decorated the speaker's table and the refreshment table for the "Fine Arts" meeting of the Antioch Woman's club Monday afternoon at the Scouthouse.

After leading the pledge of allegiance, Mrs. William Brook, president, announced the Tenth district ways and means party at the Woman's club of Wilmette, reservations to be made by this week Thursday.

Mrs. Brook announced a Lake County federation session at the Waukegan Woman's club Monday, April 4. Mrs. Clarence Olson of the home club will be one of the officers for the coming year.

Mrs. Ted Larson announced that the next meeting of the Antioch club would be the annual tour. This year it will be to Avon Products at Morton Grove on Monday, April 4.

Reservations should be made with Mrs. Larson at Antioch 963 or Mrs. Brook at Antioch 1168 before March 28. Members and guests should meet at the Scouthouse not later than 8:30 a.m.

FOR THE "Fine Arts" part of the program, Mrs. Morris Pickus, art chairman, introduced Mrs. John V. Horton, who had placed on exhibition, works of art drawn by the grade school children.

Mrs. Horton urged mothers to encourage their children if they had any creative ability whatsoever.

Mrs. Larson then introduced Dorothy Gaff Frisch of Waukegan, Wis., who has appeared in recitals in Wisconsin, Chicago and Minneapolis.

She has directed Congregational and Presbyterian choirs in Waukegan and sung as soloist in the First Church of Christ Scientist.

At present she is director of Elm Grove Woman's club chorus, which has sung with the Waukegan symphony.

She has been doing folk music for a number of years, her material coming from many countries, but her favorites are from our own Appalachians.

Her first song was the English

"Greensleeves" from the 15th century, the time of the first Queen Elizabeth. This was followed by the Scottish ballad "Lord Randall" and the Italian "The Dove."

THEN CAME Hughes' Irish "I Know Where I'm Goin'" and back to the Scottish, "We'll Make the Keel Row."

After a brief intermission she sang a series of songs, all American from the Appalachians—"Black Is the Color of My True Love's Hair," "Pippin," "The Fox," "Go Way From My Window," "The Gypsy Laddie" (a ballad from Lexington, Ky., written in 1836) and finishing with "The Old Woman Who Swallowed a Fly."

Her encores were "Blow the Winds Southerly" and "Shantys."

Mrs. Frisch brought with her Mary Sargent, our "Gentle India" speaker of last November.

Mrs. M. J. Connell and her hostess committee served tea.

New Carillon Installed At L. V. Church

LAKE VILLA—The Lake Villa Community Methodist church will dedicate a New World carillon in special services April 3 starting at 4:30 p.m.

The carillon is being installed at the present time by J. C. Deagan, Inc., of Chicago.

The carillon, which is the same as the one in the Chicago temple and many other world famous churches, universities and colleges, is believed by experts to be the world's finest electronic carillon.

Except for the tuning, the New World carillon is basically the same as all other electronic carillons. The New World carillon has small metal rods (not actual bells) which are struck by little electric hammers.

When the rods are set in vibration, they can be heard for a distance of about 10 feet without amplification.

A tiny microphone mounted next to each rod picks up the sound which is fed into a powerful amplifier, which in turn is connected to large loudspeakers which distribute the sound from the tower.

The hammers which strike the rods are actuated by a musician who operates them from a piano-type keyboard or they can be connected to and played from the keyboard of the organ.

There is also an automatic playing mechanism, contained in another cabinet, which uses perforated paper music rolls, each containing six different musical selections.

The automatic player operates the New World carillon and it is controlled by clockwork, so carillon programs can be played on a regular schedule without anyone being present to play from a keyboard or even to push a button.

It is not necessary to play the whole music roll at one time, since setting a switch determines how many selections will be played.

Lake Villa's Methodist church's New World carillon will have a scale range of 32 perfectly tuned notes. It will be connected to the church organ for automatic playing and to an automatic electric player.

Rev. Gerald Robinson stated that plans are being made to have three selections played during the noon hour and three more in the evening on week days, and several selections will be played preceding worship services on Sunday.

DEATH NOTICES

WILLIAM MAX LUDWIG
LAKE VILLA—Funeral services for William Max Ludwig, 44, of Zion, who was found dead in his car in a garage last Saturday afternoon, were held Tuesday afternoon at a Waukegan funeral home. Interment was in Pineview cemetery in Benton Township.

Ludwig was believed to have been on his way to Lake Villa and had been a resident of that community for 22 years before moving to Waukegan township.

He was a member of the Lake Villa Firemen's association and a U. S. army veteran of World War II. Mr. Ludwig was born on Feb. 19, 1916, in Kenosha, Wis. He had been an auto mechanic and truck driver for a trucking firm.

Surviving are his wife, Katherine; two sons, William and Jack, at home; two daughters, Priscilla and Patricia, at home; a sister, Mrs. Daisy Jensen of Winthrop Harbor, and five brothers, Vernon of Gurnee, Emil and Emory of Waukegan, Curtiss and Elsworth, both of Zion.

CHESTER L. STEVENS
SPRING GROVE—Funeral services were conducted Monday afternoon at a Richmond funeral home for Chester L. Stevens, 85, a member of a pioneer family of the Spring Grove area, who died last Friday night at Waukegan.

His family homesteaded in the Spring Grove area in 1838. He had been ill for about two weeks. Burial was in the Cole cemetery near Spring Grove.

Mr. Stevens was born in Spring Grove on Nov. 11, 1874 and had been a lifetime resident of that community. He was a former trustee of the Richmond-Burton Fire Protection district. He was a farmer by occupation.

Surviving are his widow, Alice; four sons, Burton and Chester, Jr., at home; Robert of Boyd, Wis.; and Franklin of Richmond; two daughters, Mrs. Earl Harrison of Burlington, Wis., and Mrs. Willis Stineck, of Boyd, and nine grandchildren.

Teachers Speak On Curriculum At PTA Session

The Antioch Grade School PTA held its March meeting in the school auditorium Monday evening.

Topic for the evening was the curriculum of the school. Richard Whitacre, principal, introduced a panel of teachers, after giving a short talk.

Mrs. Ruth Baethke, representing the primary department, explained the course of study it offers.

Mrs. Belinda Dittman told of the studies which the school offers in the intermediate department and Mrs. Edna Becker handled the discussion on the upper grade curriculum. Mrs. Loretta Hart, who was scheduled to assist her, was ill.

Emphasis in all departments was placed on reading and its importance in relation to all other studies.

The school maintains a flexible course of study which has been overhauled every so often to keep up to date on new teaching methods, newer curriculum offerings and up to date textbooks.

The committee that was appointed to meet with Mr. Whitacre and discuss purchasing of a piece of equipment for the school gave its report.

It was voted to buy a controlled reader, which is used to help improve reading ability. It will be used mainly by Mrs. Wanda Barthel in her remedial reading classes.

She explained to the group how it is used.

Miss Sue Wolfenbarger's sixth grade won the room count and Mrs. Fannie Yates' fourth grade room was second.

Mothers of second grade students served refreshments, with Mrs. George Bartlett and Mrs. John Weiss as chairmen.

Amateur Show Enjoyed At Grant Auditorium

INGLESIDE—Many Grant Community high school students performed before the public for the first time in the Grant Commercial club amateur show on Friday, March 18, in the Grant auditorium.

Among the acts were Erika Vida, singing "Among My Souvenirs."

A "Kitchen Band," consisting of Ann Lyman, June Janota, Karen Anderson, Karen Hodge, Carolyn Lindblom, Kathleen Farrell, Greta Hansen and Carrie Lou Juul beat out the tune of "Sweet Georgia Brown" on various kitchen utensils.

Gail Gerretsen and Pamela Walsh were featured in a dance number and Tom Gardner in a dance number and Tom Gardner sang "Donna."

Roepack, Elmer Eberman, and Elaine Ring.

However, Scoutmaster Ray Atwood would still appreciate help at the meetings from 7-9 Monday nights from any father who would like to come along with his boy.

Assistant Scout Leaders Ray Van Patten and Bill Young are both unable to be present at the meetings.

Ray is attending college and Bill is on the night shift at work, which leaves Mr. Atwood to handle the meetings alone.

Mr. and Mrs. Dennis Swanson are parents of a boy, Stephen, born March 18 at St. Therese hospital.

Stephen weighed 8 pounds, 2 ounces at birth. Baby Stephen was born on his paternal grandmother's birthday. Lee says it's the nicest present she's ever had. And Dennis, oddly enough, was born on his maternal grandmother's birthday.

Dorothy Noxon has been on the sick list.

Mrs. Agnes Pyles and her daughter, Judy, flew to Mexico March 20, where Judy will soon resume her college studies. Mrs. Pyles will remain with her daughter for a few days.

Cub Scouts of Pack 86 and adult leaders will take a trip to Milwaukee Sunday, March 27, and will be conducted on a guided tour of a sub-chaser. The navy training ship is docked there until April 3.

Shirley (Mrs. Ralph) Femer, Shannon Ave., underwent an emergency appendectomy on March 17 at Zion hospital.

Mrs. Edwin Zerr, Channel Lake Bluffs, is a patient in Zion hospital. Lela Ivy, baby daughter of Mrs. James Ivy, is a patient in Victory Memorial hospital.

The Sver Dahlman family and

the Elmer Eberman family celebrated the joint birthdays of their daughters, Wendy Eberman and Mary Dahlman, at the home of the Dahlmans on March 18.

Mrs. Anita Hamberg, Felter's Subdivision, entered Victory Memorial hospital on March 20.

Cub Scoutmaster John Eckert asks that all Cub Scouts of Pack 86 and their parents be present at the next pack meeting to be held March 25.

The pack will be re-registering under its new charter and it is necessary that each member and his father be present.

The pack's new institutional representative, Clarence Jarvis, who is taking the place of Glenn Dowell, will be present.

Cubs who have completed a year of Scouting, and adult leaders who have served through the past year, will receive a service star.

the 50th anniversary of Scouting.
A gold four-tiered mock birthday
cake with a big "50" on top was
used as a centerpiece on the well-
laden table.

The Mother's auxiliary of Troop
91 served as cooks and hostesses for
the evening. Songs were sung, in-
cluding "Happy Birthday" to Scout-
ing to round out a most enjoyable
get-together.

An appreciation dinner for all
adult scout leaders of the North
Shore Area council is scheduled for
April 2 at the Highland Park high
school. Several leaders of Troop
91 are planning to attend.

Plans for this year's camping
season are being formulated by the
troop committee. A bigger and bet-
ter camping experience is promised

St. Patrick's Day There Is Followed At Scouts Party

By Mrs. Pearl Kappel
CHANNEL LAKE—Mrs. Elmer Eberman and Mrs. Lillian Voskuil, assistant Brownie leaders, entertained girls of Troop 74 at a St. Patrick's day party at the home of Mrs. Eberman on March 17.

Mrs. Lois Ward, Brownie leader, was unable to be present.

The party was a reward to the girls for the conscientious work they did in preparing their skit for the United Nations program put on recently at the Antioch Grade school by the various Girl Scout troops.

The St. Patrick's day theme was carried in all the party and table decorations, with several clever little touches prepared by the two hostesses to delight the girls.

Place cards were rhymes composed by the amateur poetesses to fit the child. Each girl had to tour the table until she found the rhyme which fitted her.

The placecards were in the shape of shamrocks. Each girl received a felt tie, with buttonhole, to wear with a blouse.

The ties were made by Mrs. Voskuil and Mrs. Eberman. Refreshments were lime pop mixed with lime sherbert to make a soda, and cup cakes with green icing.

The girls were entertained with various games. A relay race was played by each member of opposing teams sucking a piece of puffed rice on the end of a straw and holding it suspended there until she could reach the next member of her team.

"Human Bingo" also delighted the girls. Each girl had to get the signature of every other girl on a square. Then the names were all put in a hat and drawn until someone had "bingo." A prize was awarded the winner of this game.

Attendance of the Brownies at this meeting was 100 per cent. The girls were not told until after their arrival at the party that it was also a celebration of the birthday of Karen Voskuil and Wendy Eberman.

Bake, Rummage Sale Planned At Lake Shangri-La

A spring bake and rummage sale will be held Saturday, April 2, at the Shangri-La-Woodlands community center starting at 9 a.m. and lasting all day under sponsorship of St. Scholastica's parish.

The center is located between highways 83 and 45 off the Willnot road Kenosha highway C. Persons going should turn on county highway V which is one mile east of highway 83, and then turn south about 2 miles further on.

Signs will direct the public to the one-story building.

Proceeds will go toward the parish's building fund.

It will be the first affair to function under the guidance of the parish's newly-appointed pastor, Father Eugene Bleidorn.

Starting March 27, the parish will hold masses at 8 and 10 a.m. in the community building. Father Bleidorn will hear confessions before each mass.

'Variety Spread' Slated At Scout House Friday

A dinner preceded the regular meeting of the Mother's auxiliary of Boy Scout troop 92 held recently at Pasadena Gardens.

Mrs. Clarence Groeninger, chairman of the group's ways and means committee, announced that arrangements had been completed for a demonstration to be held at the Antioch scout house at 8 p.m. Friday, March 25.

It will be called a "variety spread" and is exactly as it indicates, Mrs. Groeninger said.

A variety of products will be shown. A percentage of the sales for the evening and a cash gift for each booking will be given to the Troop 92 Mothers' auxiliary treasury.

There will be no admittance charged. Refreshments will be served and the affair will be open to the general public.

It was also announced that arrangements had been made for the auxiliary to present a fashion show at a Waukegan store in the fall.

Sequoit Varsity Cagers Draw Coach Leon Praise

Coach Larry Leon of the Fighting Sequoits basketball team which took top honors in the Northwest Suburban conference and in Lake county last season, had many words of praise for "his boys" in commenting on the past year.

Regarding the starting five of Don Pyles, Jerry Dahlman, Bob Martin and Dick Wolff, the coach said "they will be very hard to replace. They gave the fans a terrific entertainment throughout the season."

"It was certainly a pleasure to work with such a fine group of athletes. They set a pattern which I hope underclassmen will follow." Turning to the individual players, Leon said:

Pyles—Don was the best all-around performer in the conference this past season. He had terrific competitiveness and definitely was one of the most aggressive boys Leon ever coached.

Pyles—Don had the desire to win and many times this desire made it possible for him to perform well against bigger players. Pyles improved with each game. Pyles was the most natural all-around athlete Leon has seen since the coach came here.

Dahlman—"Undoubtedly he was the finest shooter I ever coached. We must give him great credit for his work around the boards and his defensive play." These two phases of basketball in which he improved over the previous season.

B. Martin—Scoring wise he always contributed to the Antioch offense. He was a great team player. Probably of the starting five (all seniors), he made the most rapid improvement over all in his high school career.

Wolff—Here was a really good

team player, a very hard worker in games and in practice and he displayed a great amount of desire. He had to work for all he achieved in basketball. Nothing came easy for him.

Gudgeon—"Inch for inch and pound for pound I wouldn't trade him for any player in the conference," Leon said summing up his ideas on Dick. He stood 5 feet 8½ inches tall and weighed 145 pounds dripping wet.

He always followed instructions and seemed to really learn the game of basketball so he was able to analyze things quickly. He has quick reflexes and reacts fast.

"HIS ELECTION as honorary captain is a definite tribute to him because he was not a top scorer, yet the team needed someone like Gudgeon to hold the team together," Leon concluded.

Three other players didn't start but should be mentioned because of important parts they played in a number of games:

Dave Hunsaker—He probably was the best ball handler on the team. When called on Leon knew Hunsaker would come through. He had great team spirit and "I hope we can come up with someone like him next season." He helped give the Fighting Sequoits good "bench

strength." **Rich Prange**—This player saw limited action in games but in practice he always gave good competition to any of the starting quintet. It was through work such as his that made others on the ball club what they were.

Les Herbst—"We classified him as the 'sixth man' on the starting team. He should be a leader next season."

ED MARTIN—This player saw considerable action and Leon is counting on him heavily for next season to go along with Herbst as a leader.

Brian Elliott—This was another player who saw limited action. "I think he could turn out to be the surprise of the season to a lot of people next season for the Sequoits."

The rest of the varsity squad contributed a lot in practice and backed the other players 100 per cent. **Chuck Schuth**, **Dudley Sheehan**, **Brian Palenske**, and **Denny Pogose** also will be on hand for another season.

Leon also paid his thanks to manager **Paul Worsley** as team manager. He called the manager work a most "ungrateful" one and he said Worsley did a fine job.

He was always on hand when needed and he carried out his duties efficiently and very conscientiously.

Antioch High Lists Outdoor Track Slate

Coach Bob Walther of the Antioch high track squad this week announced the Sequoit outdoor schedule for this spring, opening Friday, April 8, with North Chicago at the North Chicago field.

First home meet will be Monday, April 11, with Round Lake and Wauconda competing in varsity, freshman and sophomore events on the local cinders.

*April 13—Grant and Ela-Vernon at Antioch.

*April 21—Round Lake and Antioch at Lake Forest.

*April 25—Warren and Ela-Vernon at Antioch.

*April 27—Antioch at Salem Central at Paddock Lake, Wis.

April 30—Palatine relays (varsity).

May 10—Lake county meet at Lake Forest (varsity).

*May 12—Ela-Vernon and Round Lake at Antioch.

May 14—District (state) meet at Evanston (varsity).

May 16—Grayslake and Antioch at Grant. (varsity).

May 18—Varsity conference meet at Warren.

May 20-21—State finals at Champaign.

*Varsity, sophomores and freshmen take part.

League Title Trophy Arrives at High School

The trophy earned by the Antioch high Fighting Sequoits for being champs of the Northwest Suburban conference has been received at the school, principal Albert Dittman said this week.

This will be presented to the team along with some patches to be sewn on sweaters at a special assembly after these patches have arrived. These patches will have on them letters telling of the league title.

Fete Antioch Hi Athletes

The Antioch Lions club dinner honoring Antioch Township high school athletes held Monday evening in the school cafeteria was a "big success" with more than 160 persons attending the affair.

Attendance was down somewhat from previous years, however. Seniors, juniors and sophomores were the youths honored.

Principal speaker was Ray Elliott, former football coach at the University of Illinois.

A surprise for the recipient as well as the crowd attending was the presentation of a freshman cheerleader emblem to attorney Ted Larson.

The outstanding athletic awards went to Chris Davis of the 1959 track team, to Dick Gudgeon of the 1959 baseball team and to Don Pyles for both basketball and football.

Jerry Dahlman received the Roger Lang memorial free throw trophy.

Grant Cagers Look Forward To 60-61 Year

INGLESIDE—The 1959-60 basketball season at Grant Community high school was the most disastrous ever experienced by coach Raymond Collier.

In the last six seasons, Grant had three conference championships and a second place, but this past season things were different.

The Bulldogs managed to win but four conference games against 10 setbacks.

One reason for this year's below par performance could be lack of experience on part of players. There was only one letterman returning from the previous season's championship squad.

Another reason could be bad breaks. The quintet lost as many close contests as were required to gain fourth place in the final standings.

Whatever the reason may have been, the season now is over and players and fans and coaches alike can look forward to what promises to be a successful 1960-61 year.

For the 1960-61 edition of the Bulldog cagers, coach Collier will employ new tactics in a three-ple program.

A full court press will be used at all times, Collier says, with the defensive men alert to every possible play situation.

A moving offensive will be used, requiring the guards to be extra sharp in setting up play situations, the coach continued.

"The team must have the desire to be unbeatable and be willing to

LAKE VILLA GRADE SCHOOL'S 1959-60 basketball squad coached by Joseph Pleviak has completed a successful season with an overall record of 14 wins and 2 losses and a conference mark of 9 and 1. The team averaged 48.2 points per game compared to 34.4 for its opponents. Shown here, from left, front row, are Fred Mols, Randall Kastelny, Robert Carter, James Lentine, James Wojczynski, Richard Lewis, John Colbart; second row, Ernest Nickerson, Robert Oilschlager, Jerry Hagen, Gerhardt Nicolet, James Fournier, William Schneider and coach Pleviak. L. V. Cagers End Season on Top of Heap

LAKE VILLA—A successful basketball season was completed by coach Joseph Pleviak's Lake Villa grade school cagers with an overall record of 14 wins and 2 losses.

In conference competition they had 9 wins and 1 loss.

The team's tremendous rebounding power with Gerhardt Nicolet, Jerry Hagen, and Jim Fournier in the front line, supported by the fast moving Jim Lentine, Bob Carter, Randy Kastelny and James Wojczynski were fast point getters.

The remaining five, Richard Lewis, Bob Oilschlager, Bill Schneider, Ernie Nielsen and Stanley Sasiadek, surprised many teams who expected to have easy going only to find out that the reserves had ability to rebound, pass, and score points with ease.

The team averaged a total of 48.2 points per game compared to their opponents' 34.4.

work hard toward that goal," Collier commented.

The 1960-61 Bulldogs should be able to resume their winning ways, with next year's juniors making strong bids for starting positions along with the six returning lettermen.

K Of C Hosts Boys, Coaches Of 2 Parishes

Antioch Knights of Columbus council last week entertained basketball teams, coaches, and cheerleaders from Prince of Peace and St. Peter's parishes.

Trophies and pictures of the teams were presented to all. Movies and refreshments were enjoyed for the evening.

Grand Knight Joseph J. McGrath appointed the following members: Thomas W. Pechousek, chairman, James Leksich, co-chairman, Roman B. Vos, treasurer, Thomas F. Haley, Patrick J. Brachey, Emil Kubs and Oscar Hendrickson on the annual CYO athletic program.

Elected as delegates to the Illinois state convention at Springfield, May 13, 14 and 15, will be McGrath and deputy grand knight Thomas F. Haley.

Their alternates will be John L. Horan and Stanley Toton.

Members of the Knights of Columbus will attend the 7:30 mass Sunday, March 27 at St. Peter's for their quarterly communion service. Following the services they will have breakfast at Smart's Country House.

Father Frombroyse, of the Benedictine Order at Benet Lake will be the speaker at the breakfast meeting.

Grass Lake School PTA Plans Dance on April 9

Regular meeting of the Grass Lake school PTA was held in the school building Monday evening, March 21. Plans were made for another dance to be held Saturday, April 9, at the school.

Miss Mildred LaPlant's room won the room count.

Mrs. Clyde Queen presented the program put on by the Brownie and Girl Scout troops. James Farrier presented a film on Camp Ma-Ka-Ja-Wan.

Refreshments were served by Mrs. Lawrence Yopp and mothers of third grade students.

Mid States Industries Appointed Distributor

The Mid States Industries Gas Service, a division of Bill's Welding and Steel Sales of Antioch has been appointed a distributor by the Liquid Carbonic Corp. to distribute CO2 gases in Lake and Kenosha counties.

This CO2 gas is used in filling fire extinguishers, soda fountains in drug stores and in taverns serving draft beer.

The new local firm already has taken over the gas business of the Sparkling Spring Water distributors of Kenosha and is working very close with them in servicing 110 stops in Kenosha county.

Bill's Welding and Steel Sales has been a distributor for liquid carbonic gases for some 14 years, and also of

oxygen and acetylene gas for welding purposes.

This Antioch firm has been serving local people with medical oxygen and equipment for some time, supplying it to ambulance squads, doctors and to homes in this area. It has maintained 24 hour oxygen emergency service.

Other gases which will be supplied by this firm are hydrogen, helium, nitrogen and nitroxides. Other services supplied will include repair of all equipment relative to these gases and supplying gauges and repair parts.

The firm feels with the ever-growing population of this area that its services are needed and no-doubt will expand. It believes the company will be an asset to this community.

CENTRAL HIGH FANS are shown here watching one of the final basketball games of the 1959-60 season in the gym at Paddock Lake. While the season now is over for Central and most other high schools, this "candid" photo taken without a flash was considered good enough to run now for the "human interest" angle. Many familiar faces can be picked out. The camera was set on the edge of the gym's stage and set for 1/8 at one-tenth of a second exposure. Only the gym lighting was used—no flash was set off. Some movement can be seen on the part of people because of the slowness—one-tenth of a second. One of the Falcon cheerleaders can be seen at the far right leading the group. (Lake Region News photo)

Laud Detective Work in Solving School 'Looting'

PADDOCK LAKE, Wis.—Three youths, aged 18 and 19, have been charged with looting the safe at Salem Central high school and the leader, Wilson Lee Brook, 19, of Racine has entered a guilty plea to the charge.

Detective work on the part of Kenosha and Racine county authorities on a cooperative basis resulted in the solution of last fall's safe looting, investigator Art Blake of the Kenosha county sheriff's department said.

Brook waived preliminary hearing and entered a plea of guilty. He was sentenced by municipal judge Harry Carlson to five years in the Green Bay reformatory.

The youth presently is serving a five year term at Green Bay for a series of school break-ins in Racine county. The two sentences will run concurrently.

Warrants charging the other two youths have been issued. They are Larry J. Kassel, 18, and Paul C. Oestricke, 18.

A book of matches found on the floor of the school's walk-in safe was said to have been the chief clue to detection of the safecrackers.

Poor milkers can be identified by their calves, for the weaning weight of a beef calf is largely dependent on the amount of milk it gets.

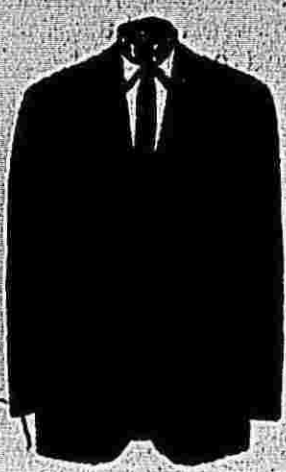

Schadeberg Names Labor Coordinator

Paul Steinhoff, electrician for Rewald Electric Co., for many years, has accepted the position of labor coordinator in the Henry C. Schadeberg for Congress campaign.

Steinhoff, who is a strong advocate of strong active unions, has carried the electrical union card for many years and does today, although he is no longer in the field, but at the office of Rewald Electric. Steinhoff will keep the Schadeberg office informed on labor meetings and other functions within the various unions in the district so the republican candidate can talk to union groups and discuss problems and views.

The coordinator is also active in teenage and Knights of Columbus activities.

Civil Defense Equipment Loaned to Antioch High

Antioch Township high school has been selected as one of the high schools in Illinois to receive civil defense training equipment.

This equipment has been received and consists of the following:

FOUR GEIGER COUNTERS—Instruments for locating radio-active material. This instrument detects the presence of radio-active material but does not indicate the amount nor the strength of such material.

TWO DOSTIMETERS—These instruments indicate the strength of the radio-active material (dosage), once it has been located. Small amounts of radio-active material are not harmful to humans but large dosages are.

EIGHT POCKET DOSTIMETERS—These are worn by personnel working in contaminated areas and register the amount of radio-active material is present in the body of a person or in a contaminated area.

This equipment is furnished by the federal government for the purpose of training civilian personnel in their proper usage.

Should an atomic attack be made on the United States, it is mandatory that trained personnel be available to assist victims of the attack and to clear areas of the contaminated materials.

Even though a person escaped an attack, should he enter a contaminated area he will become affected and may receive a dosage of such strength as to cause death or serious injury.

By the proper use of these instruments, safe areas can be located while contaminated areas may be made harmless by the proper action.

In case of Atomic attack, only those areas containing trained personnel properly equipped, will have a chance to escape from this deadly material.

By use of these instruments, food can be checked for safe consumption, safe drinking water located and many other actions taken to safeguard human life and property. Complete instruction books are included with each piece of equipment. Anyone can learn to properly operate them in a few minutes time. They are available for the use of any teacher or club within the school.

These instruments should be of special interest to science and health classes.

This equipment is stored in the high school radio room and may be

checked out by teachers or club sponsors at any time.

Due to the nature of the equipment and because it is government property, these instruments are not to be taken from the building without the expressed authorization of the administrative office.

However, their usage during regular class periods is encouraged.

John Gudgel, adviser of the radio club at Antioch high, and Allen Knurr, faculty sponsor in charge of the civil defense program at the high school, are in charge of the CD program and equipment.

Advance Report Census Forms Are Sent Out

Advance report forms for the 1960 Census will be distributed by post office employees this week to all households in this area, district supervisor Joseph O'Neill announced.

The advanced report form is a new census-taking device which is designed to speed up the field canvass and provide more accurate statistics.

Distribution of this form before the start of the house-to-house canvass gives the family a chance to assemble information about each member in advance of the census taker's visit.

The district supervisor urged all residents to fill out the form and have it ready for the census takers when they start their rounds on April 1.

The advance report form contains seven questions about every person in the household and six questions about the household's dwelling.

The household information asked for is name, address, sex, color or race, month and year of birth, whether married or single, and relationship to head of household.

The information required about the dwelling is the number of rooms, cooking facilities, plumbing, and whether rented or owned.

At every fourth household, the census taker will leave a census Household Questionnaire which contains additional questions covering population and housing characteristics which are being asked of 25 percent sample of the nation's population.

Householders are requested to fill out the household questionnaire and mail it within three days to the local census district office.

A pre-addressed, postage free envelope is being provided for this purpose.

Donna Dittmer Appears In Film About Industry

Miss Donna Dittmer, daughter of Mr. and Mrs. Fred Dittmer of Grass Lake, is shown in an educational slide-strip film about the gas industry produced by Encyclopedia Britannica Films, Inc.

Miss Dittmer is with the sales department of North Shore Gas company office at Waukegan.

The slide pictures include shots of gas appliances, street and shop department operations, weather forecasting and other facets of the gas utility. The camera crew was "on location" at North Shore Gas this past February.

A publication of the North Shore Gas Co. shows Miss Dittmer demonstrating a top burner on a built-in stove at Gas Hospitality house for the camera crew.

The film will be made available to grade schools throughout the country.

Miss Dittmer this week was reported to be coming along fine following surgery at St. Therese hospital in Waukegan.

Murphy Lauded By Agriculture Group in State

The Illinois Agriculture association basing its recommendation on his voting record, has rated Rep. William Murphy (R., Antioch) as "Excellent" and deserving of reelection.

The farm bureau states "the maintenance of strong independent and responsible state and local government is imperative to the preservation of self-government and individual freedom."

Rep. Murphy as his voting record shows, has been a strong advocate of this philosophy of government.

He has resisted issues that would increase taxes without a referendum and has zealously guarded the rights of home rule in municipalities and townships.

In his three terms as representative in the general assembly he has received this same endorsement from the Illinois Agriculture association, a record that he is justifiably proud of because it is a responsible and reliable "watchdog" association represented by high class men at our state capitol.

Stan Anderson Gains College's Honor Roll

CHICAGO—Stan D. Anderson, son of Dr. and Mrs. Stanley D. Anderson, Rt. 3, Box 447-C, Antioch made the honor roll of North Park college, Chicago, for the first semester, 1959-60. Stan is a senior.

North Park will award its first bachelor's degrees in the new four-year college in June.

North Park college is operated by the Evangelical Covenant church of America and is in its 69th year.

Rules and Regulations

1. Any person of good character is eligible to enter the Sub-
scription Campaign. Regular employees of The News are barred.
2. All nominations and enrollments must be approved by the
Campaign Manager.
3. Any person can nominate himself or herself, or a friend
can do it. Names of persons making nominations will not be di-
vulged without the consent of the person making the nomination.
4. The News Subscription Campaign opens Saturday, April 2.
5. Any person enrolling in the campaign and turning in 12
or more subscriptions per week and not securing one of the six Grand
Prizes will be given a Commission of 20 percent on gross amount of
subscription money he or she turns in at the close of the campaign.
6. Votes will be given for money or subscriptions, both old
and new.
7. In case of tie votes, prizes of equal value and character
will be awarded at the close of the campaign to those trying.
8. The prizes will be awarded at the close of the Campaign in
the order of the votes the various workers have.
9. A worker cannot receive both a prize and a commission
unless the commission exceeds the prize. All workers turn in their
subscription money at least four times a week in order to be con-
sidered active.
10. Votes issued to one worker cannot be transferred to another.
11. A list of the workers and the number of votes accepted
for publication will be published from time to time throughout the
campaign. All subscription votes will be accepted for publication
at the discretion of the campaign manager.
12. Any worker attempting to intimidate or buy another work-
er's votes or attempting to pool subscriptions with an enrolled worker
will be dismissed from the campaign.
13. Every worker must subscribe to the Campaign rules.
14. This newspaper reserves the right to make amendments to
these rules so that the progress of the campaign may develop as de-
sirable, such amendments being made in the interest of the cam-
paign and the workers.
15. This newspaper further reserves the right to remove any
worker from the campaign for good and sufficient cause, and all
decisions The News and the Campaign Manager make are final.
16. Changing the name of the subscriber in the same family
does not constitute a new subscription.
17. The campaign will be divided into two periods. During
each of these periods, extra votes will be given in addition to the
regular schedule as advertised on this page.

A LAKE VILLA MAN, Howard J. Bonner (right) was runner-up in a contest of Lake county farmers who grow corn. His place produced a yield of 106.37 bushels per acre compared to the yield of 119.76 bushels for Elwood Knigge of Mundelein (left). Knigge recently received the award of county corn growing champion for Henry Knigge and Sons at a banquet held at DeKalb. The competition was known as the 1959 national selected five-acre DeKalb corn growing contest.

Sewage, Sanitation Survey Funds Requested by Improvement Groups

By Jim Jankowiak

FOX LAKE HILLS — The last meeting of the Lake County Federation of Improvement Associations was held at the home of the president, Robert Flashkamp.

There were nine improvement club delegates present and also four guests from West Milmore and Wildwood.

Opinions were voiced that part of the money earmarked for the Lake county courthouse should be used to conduct a sewerage and sanitation survey.

Reason for this action was stated to be that the people in this part of the county contribute much of

the funds but get no direct benefit. Whereas they sorely needed sanitation survey would be an immediate aid to the people in the Antioch, Round Lake and Fox Lake localities.

Norris Froelich, Lake county sheriff, who is slated to speak at the Grant high lecture series, will be approached by members of the federation.

He will be asked to outline in his talk what plans are being made to extend police protection within the outlying areas—such as the associations belonging to the federation.

THE FEDERATION is still gathering information about pollution problems in the Chain O' Lakes area. Help and backing will be offered to any organization attempting to fight that difficulty.

The federation decided to go along with resort owners in their battle against this menace which destroys good fishing and swimming.

William Rudzina, president of the Meyers Bay association has been appointed temporary chairman of the sanitation committee.

At a recent meeting, the federation listened to Mrs. Larsen of a health environment program speak on dangers of air pollution and insecticide sprays.

The federation, as a result, will gather information on mosquito sprays that are administered in quantities during the summer. The federation will attempt to discover whether or not these sprays have a harmful effect on people.

If so, they will seek information on sprays which do not have effects on humans or animals.

THE FEDERATION says that any improvement club or association interested in joining or just learning more about its purposes and aims is invited to send out a representative to the next meeting.

Date of the meeting will be Sunday, April 24, at the Ingleside town hall. The time will be 1:30.

There will be much business attended to at this meeting, so it will afford an excellent opportunity for non-member associations to become acquainted with the federation and its officers and delegates.

Any improvement club desiring a copy of the constitution and by-laws will be sent one by merely writing to Julie Chonis, secretary, Lake County Federation of Improvement Associations, Hillside drive, Fox Lake Hills, Lake Villa, Illinois.

Or, if more convenient, a call to her at JJustice 7-0043 or to Robert Flashkamp, president, at Kimball 6-1187 will serve the purpose.

The federation needs the support of every improvement club in northwestern Lake county in order to become a truly effective voice of the people.

Lawrence Washington, brother of General George Washington, was a marine corps officer.

Four Scout Leaders To Receive Awards

Four outstanding volunteer leaders of scouting in the North Shore Area Council, of Scouts of America, will receive the silver beaver award, the highest service award the council can make, at the annual scouters' appreciation dinner, at 7 p.m. April 2 in Highland Park high school.

Names of the four will be announced the night of the dinner, said Dean Reed of Libertyville, chairman of the council's appreciation dinner committee, which schedules the annual affair.

Approximately 800 volunteer Scout leaders and their wives from throughout the North Shore Area council are expected to attend the dinner program. The council has a total of 3000 volunteer leaders in its area along the North Shore and in western Lake county.

Training and veterans award presentations will be made by William D. Shaw, Council vice president of Libertyville, Council Scout Executive E. A. Schweichel of Lake Bluff, followed by remarks by Council President Lawrence Gougler of Winnetka.

OLD MOVIES

Local folks often call ANTIOCH TV and ask information about why their TV screen only shows part of a full movie scene. The outer edges of the picture is missing and sometimes this hides important characters of the story.

This trouble comes from the transmission of 'old movies' and your set is not at fault. Broadcasters are solving this problem in a greater number of film runnings but occasionally you'll notice it, especially when action of the scene goes to the extreme sides, top or bottom. Some day, maybe, there won't be anymore old movies.

Keep calling that number 821 for any kind of electronic problem you might have. We'll do our best to give you an answer.

You CAN do something about skyrocketing taxes!

LEE R. FLEMING

A wave of public protest against unfair and unnecessary taxes is turning thousands to vote for LEE R. FLEMING for State Senator.

1. OLDER FOLKS and others living on fixed incomes cannot stand another four years of McClary's tax increases. Not only those he put into effect but tax increases he tried to pass, which he might get over if elected again.
2. HOUSEWIVES trying to manage the family budget know what it will do to them if he had passed or will pass his use tax, adding 3 1/2% sales taxes to everything a family uses: Home repairs, auto repairs, half-selling shoes, fixing the furnace, flat tires, TV repair, etc.
3. THE DAD of a family of growing children can't stand to pay increased personal property taxes on the car he uses to carry him to work and back. Under present law his taxes would increase 50% to 100%. This is too big a bite out of a family man's pay-check. Worse yet, it is unfair and unnecessary!
4. PEOPLE in every walk of life are sick and tired of these ever increasing taxes and are turning in great numbers to elect LEE R. FLEMING State Senator... to succeed the present senator who has persistently pressed for higher and higher local taxes without giving the people the right to vote for or against the increases.
This record of taxing without the people's consent - of destroying home rule - and centralizing government against the peoples will has caused a wave of public protest that WILL ELECT LEE R. FLEMING State Senator.
5. FLEMING HAS A LIFE-LONG RECORD of making good his promises. Join with this growing army of voters. Join and march with FLEMING in his fight to stop unfair and unnecessary taxes. Vote for LEE R. FLEMING for State Senator, Republican Primary, Tuesday, April 12th.

George Sturm Winner In a Math Contest

Last week Antioch Township high school participated in the mathematics contest sponsored jointly by the Mathematical Association of America and the Society of Actuaries.

George Sturm, a senior, and son of Mr. and Mrs. Herbert Sturm, had the highest score.

Dennis Johnson, son of Mr. and Mrs. Melvin Johnson, and Wayne Starman, son of Mr. and Mrs. Joseph Starman, tied for second place. Both of these boys are also seniors. The highest scorer receives an award.

The answer sheets of the three boys are being forwarded to the national contest chairman, to be entered in competition with schools throughout the country. National winners receive special recognition by contest sponsors.

Frank Denison, guidance coordinator, administered the tests in Antioch.

Lenten Services Set At Salem and Wilmet

SALEM, Wis. — Regular Lenten services will be held by the church and the Sunday schools at Wilmet and Salem Methodist churches Sunday, March 27, Rev. Carroll Usher reminded members this week.

Wilmet church and Sunday school services are held at 9:30 a. m. and there are church services in Salem at 9:30 and 11 a. m. Sunday school is held in Salem at 9:30 a. m.

College Choir To Sing Soon

PADDOCK LAKE, Wis. — The University of Wisconsin A Cappella choir, conducted by Prof. J. Russell Paxton, will present a concert in Salem Central high school at 10 a. m., March 30, under sponsorship of the music department of the school.

The program will include the Bach Motet, "Come Jesu Come," three excerpts from Randall Thompson's "The Peaseable Kingdom," "O Magnum Mysterium," plus a group of Negro spirituals arranged by Hall Johnson.

The choir, organized in 1944, has a membership of 65 voices this semester. Although the youngest of the university's four choral groups, the choir has built up a reputation in Madison, around the state and throughout the midwest for excellent performance of difficult arrangements.

The public is invited to this concert at 10 a. m., March 30. A small admission will be charged.

Census Reveals Many Interesting State Statistics

Ten years of population change in Illinois will be measured by the 18th decennial census of the United States to be conducted in April by the bureau of the census.

The new statistics will bring forward the information last collected in the 1950 census.

Illinois, with 8,712,176 inhabitants in 1950, ranked fourth among the states in population. Its total when its population first was counted in 1800 was 2,458.

Population increases in Illinois during the 19th and early 20th centuries were very great both numerically and percentage-wise. In recent censuses the population showed continued high numerical increases but lesser percentage increases.

Illinois, organized as a territory in 1809 from the western part of Indiana territory, comprised at that time all of the present State of Illinois, almost all of Wisconsin and parts of Michigan and Minnesota.

In 1818 that portion of the territory lying within the present boundaries of Illinois was admitted to the union as the 21st state.

With its land area of 55,935 square miles Illinois was 23rd in size among the states in 1950.

Its 155.8 inhabitants per square mile in that year showed a sizeable increase over the 141.2 average in 1940.

In 1820, when Illinois was first enumerated as a state, its population was 55,211. In 1950, 130 years later, the population was 158 times as large.

More than one-half the 8,656,965 gain over the 130-year period came in the 19th century. The 1900 population of 4,821,550 was 87 times as large as the 1820 population.

Both the largest numerical increase and most rapid rate of growth in the twentieth century came between 1920 and 1930. The increase of 814,935 between 1940 and 1950 represented a gain of 10.3 percent over the 1940 population of 7,897,241.

Banquet Date Set

PADDOCK LAKE, Wis. — Saturday evening, April 2, will be the date for the annual athletic banquet at Salem Central high school, athletic director Dorm Grams announced this week.

The event is scheduled at the school building with further details to be announced.

MILLBURN — The third in a series of Sunday evening services in the Millburn Congregational church was held March 20 at 7:30.

Topic for the morning worship last Sunday was "Love Your Neighbor." Sunday school classes and church services are held at the same hour each Sunday morning, 10 a. m.

Next meeting of the devotional study group of the Millburn Congregational church is scheduled for 9 a. m. Thursday, March 24, at the home of Mrs. Tom Harness. The previous session was at the home of Mrs. Garrett Trout.

Gail Marie West, daughter of Mr. and Mrs. Ernest West, was baptized at a recent Sunday morning service. Mr. and Mrs. John Thain were sponsors.

Mr. and Mrs. Herbert Meissner and Mr. and Mrs. Verlon Groves were hosts of the Couples club which held its meeting at the church Tuesday evening.

The Millburn O.E.S. served its annual buffet dinner in the Masonic temple Saturday, March 19, from 5 to 8 p. m. A card party followed the dinner.

A surprise "open house" was held at the Millburn church March 20 from 2 to 5 p. m., honoring Mr. and Mrs. John Haisma on their 25th wedding anniversary.

Mr. and Mrs. Frank Hauser spent Thursday at the home of Mr. and Mrs. Clarence Hauser of Paris, Wis.

Mr. and Mrs. Philip MacDonald and children of Rockford visited Sunday afternoon at the A. B. MacDonald home.

Mr. and Mrs. Leo Stanczak and Mr. and Mrs. Ellis Gott of Waukegan were supper guests of Mrs.

Lyman Bonner Thursday evening. Mrs. Frank Edwards spent Friday at the John Edwards home in Libertyville.

Members of the Junior Pilgrin fellowship met at the church Saturday evening, March 19. It sponsored a movie for the public at 7:30 p. m. A freewill offering was taken.

Mr. and Mrs. Frank Hauser were supper guests at the home of Mr. and Mrs. Arthur Hauser of Kenosha, Sunday.

Mr. and Mrs. Tom Cosgrove of Elmhurst spent Sunday afternoon at the home of Mr. and Mrs. Oscar Neahous.

One of the major exhibits at the 1960 University of Illinois Farm and Home festival March 31 and April 1-2 will feature "Chemistry in Agriculture."

Even though farmers used record amounts of corn from October through December, stocks on farms and in elevators on Jan. 1 totaled 526 million bushels above a year earlier.

Following 'Love Neighbor' Advice Can Produce Some 'Complications'

By Mrs. Pearl Kapell

I read an article by Dr. Norman Vincent Peale, recently, in which he expounded on the theory of "loving everyone" as a secret of popularity.

It would certainly be presumptuous of me to disagree with Dr. Peale.

But as I read through his article I must admit that I found a few little furtive doubts creeping into my mind.

I thoroughly agree with Dr. Peale in theory. I'm sure if we all went bouncing around all day with love for the whole human race shining from our bright little faces, the world would love us back—wouldn't it?

And it's fairly easy to love a vague mass of humanity that you just talk about and never see. It's loving the guy that's right next to you that becomes difficult at times.

IT ALSO seems to me that if one were to follow this instruction wholeheartedly, life could get rather complicated.

In the first place, not everyone in the world has read Dr. Peale's advice, and your love might be misunderstood.

Supposing you're a respectable married man, who loves his wife. Well, at least you're a married man, and with the kids and all, it seems best that you stay that way.

You're waiting for your wife in a bar (a perfect place to wait for your wife). A beautiful red-head slips up onto the next stool, and smiling brightly starts a conversation with you.

Before reading Dr. Peale's advice, you would, of course, glance at her, and remembering that married men do not talk to beautiful strange women while waiting for their wives, turn your back on her in an anti-social way and continue waiting for your wife.

Having read Dr. Peale's article, however, you realize that here is another lonely human being, looking for love, and you remind yourself that you will greatly increase your chances of popularity if you love everyone, and act accordingly.

SO YOU BEAM lovingly at her, buy her a drink and proceed to make yourself popular by being loving.

When your wife arrives, will she understand that you are only trying to improve your character?

Will the red-head understand? Will her husband understand?

Will you?

And with how many of the people concerned do you think you'll be more popular?

Assume you are a young lady, bent on pursuing popularity through the "I-Love-the-World" policy. Your best friend departs on a long vaca-

tion, leaving her favorite beau at loose ends, sad and lonely. Actuated only by the purest motives, you attempt to lighten the burden of his grief by throwing a little of the sunshine of your new character his way.

WHEN YOUR friends hear—as she will—of the love and companionship you are lavishing on her steady, at great trouble to yourself, do you feel sure your popularity rating will rise with her?

Nothing, of course, is easier to love than a child. A lovely little girl, bewitchingly dressed in party finery, a stiff froth of skirt above chubby little legs, candid eyes shining happily, is surely the most lovable thing in the world.

But when this little doll gazes intently at you and announces thoughtfully, "Gee, you're fat," or "You're funny looking," would your loving understanding be darkened by a suspicion that this charming child is, perhaps, not so worthy of love as you at first thought?

I read a news item some time ago about a man who indulged in some of this indiscriminate cheer-spreading.

He drove up behind a car stopped in the street. The driver of the other car motioned to him in a manner which he construed as meaning that his car needed a push. So he pushed him.

HE PUSHED HIM for two blocks while his engine labored and he wondered how long his car could keep this up.

Finally coming to a red stop light, he got out to see what the trouble might be, and the driver of the pushed car leaped out, heaping imprecations on him.

Bewildered, he finally gathered that the man had merely been waiting while his wife ran in the store, and desired, not a push, but that the man drive around him.

This poor soul learned the hard way that you have to watch your step when you start giving out with this "love your fellow man" routine.

The question in my mind is, where do you draw the line when you undertake the policy of promoting your own popularity by loving everyone? Everyone has at least one acquaintance with whom they earnestly do not desire to be popular.

TAKE THE WOMAN, or man, who is always "damning with faint praise." Yes, do take her. Everyone will be grateful to you.

This type can do more to undermine your morale with one well-chosen sentence than you can rebuild in a year of hard work.

This is the type that walks into your home when you've just redecorated and makes a few well-chosen, destructive comments that

3 Simple Rules Of Tool Safety

Do you know someone who nearly always has a finger bandaged from a minor workshop injury?

Such injuries aren't often serious if treated properly, but they are mighty annoying.

Chances are that this fellow is violating at least three of the simple rules for using hand tools safely, says O. L. Hogsett, extension safety specialist at the University of Illinois.

Although most people think only of power tools as being dangerous, a misdirected hammer can still smash a finger, and a bit of flying metal from the top of a "mushroomed" chisel can put out an eye.

One can't do a good job without the proper tool. Using pliers for a hammer usually not only fails to get the job done, but can cause an injury.

The same goes for misusing all kinds of hand tools. Even the best tool may be responsible for an injury if it's not used right.

"If you think you can't remember all these points, use good common sense," Hogsett said. "It will usually show you the safe way."

completely and forever destroys your pleasure in your work.

Perhaps you've just tastefully decorated your living room in red, white and blue. Seems unlikely, but maybe you like it.

Everyone else has babbled gratifyingly about how cleverly you managed it and how cheerful it is.

She walks in and says, "Is it a little gaudy, or is it just me?" Or, "Don't you think you'll tire of it awfully quick?"

AS YOU'RE already beginning to have a few doubts along the same line, this knocks the props out from under you completely.

If you have a new dress that you think makes you look like a million dollars, she looks at it appraisingly and says, "Doesn't it make you look heavier?" or "That color doesn't do a thing for you, does it?"

The man of this species is the one to whom you dread showing the new car, or a cabinet you've just built, or practically anything in which you have pride.

He looks the car over carefully, wondering out loud if it will stand up, slams the door hard, comments on the tinny sound, looks thoughtfully at it and asks:

"Did you take that color because it was the only car they had on hand?" You'd carefully selected the color, and you did like it—till now.

He winds up by saying, "Boy, have you seen the new Whizzes? There's a car!"

IF YOU'VE built a new set of shelves, a cabinet or any other piece of work on which everyone else has complimented you, he looks it over, carefully, and says, "Pre-e-etty good, considering that you don't know anything about carpentry."

After a minute, he says, "Is that door crooked?" or "Did you use a level on the top?" or "Why did you use that kind of wood? Don't you think pine would have been better?"

Or oak. Or teakwood. Or any kind of wood you didn't use.

Now, do you really want to be popular with this person? Can you discard your policy of love-for-all when the occasion arises?

Or will it become such a habit that you will unconsciously encourage the friendship of all the undesirable, and find that the people you'd like to be popular with won't come near you, for fear of running into the bores who have been attracted by your all-encompassing love for your fellow-man.

Personally, I don't think I'll risk it. I think I'll reserve all my loving understanding for myself.

I need it.

And I find my own little faults much easier to view with love and forgiveness than anyone else's.

Ed and Grace Gresens Open Candy Store Here

Ed and Grace Gresens of 1050 Bishop St., Antioch, proprietors of the Candy-Lane on Lake St., have lived in Antioch for 25 years and were in the candy business in Chicago prior to moving out here.

They are franchised dealers in Andes Candies and underwent rigid inspection before being allowed to be a dealer in these products.

Caramelized Corn (Honey-Crunch, trade name) however, is their own formula.

Mr. and Mrs. Gresens said they plan to operate a wholesale business as well as retail with this Honey-Crunch product.

Andes Candies Co. does not permit its dealers to refrigerate or freeze their candy, which means that stock must be kept fresh, the Gresens said. The Antioch store will be receiving three deliveries of this candy per week.

If you plan to use a coal-tar disinfectant in your poultry brooder house, be sure to give the building plenty of time to dry out before turning in the birds. The combination of a damp house and high body temperature of birds may result in a steamy condition which causes poisoning when birds breathe the vapors.

Salem, Wilmot, Bristol People Named Leaders

Leroy Dyson, Burlington; Elmer Barthel, Salem, and George Clausen, Kenosha, have been elected to the board of directors of the Kenosha County Holstein Friesian association for terms of two years recently.

The meeting was held at Hiawatha farm, owned by John Hansen & Son in the town of Somers.

At the meeting, Dr. Wayne Burch, of the University of Wisconsin veterinary science department, discussed the need for control of mastitis in dairy cattle.

Elmer Barthel, association secretary, awarded Ronald Member of Wilmot an outstanding production award. Ronald began with one registered 4-H club dairy calf and now has 12 of his own Holsteins.

Wallace Bayley, president of the Racine Holstein association, invited the Kenosha breeders to participate in the Tri-county Holstein show which will be held at Union Grove, Saturday, June 11.

It also was pointed out that a state show will be held this year. It will be at Oshkosh on July 21.

After the meeting, the board of directors re-elected officers for the year, Roger Sherman, Wilmot, president; Clausen, vice-president; Barthel, secretary, and Dyson, treasurer.

Sherman named Dyson, Claude Epping, Kenosha; and Everett Myers, Union Grove, to the youth committee.

Named to the summer twilight meeting committee were: Gene Halbach, Bristol; Jim Day, Bristol; and Barthel.

Tips on Battery Care Are Listed

Here are some tips from the Chicago Motor club to help keep the car battery in top operating condition:

Have your voltage regulator checked by a mechanic. If it's set too high, shorter battery life can be expected.

A faulty generator can lead to a dead battery. Make sure it's in good working order.

Keep the cells filled to the proper level with water.

Rubber washers placed under hold-down nuts can prevent a loose battery. Vibration and shock can cause the plates inside to break.

Clean the battery case regularly with baking soda solution or a cloth dampened with ammonia. Rinse clean and dry.

Use sandpaper to shine terminal posts and cable clamps for good contact.

Cadet Teachers Begin New Jobs

UNION GROVE, Wis. — Cadet teacher placements in Kenosha county schools for the period March 14 to April 1 were announced this week by Racine-Kenosha Teachers college. All are sophomores at the college.

Rosemary Lichter will be cadet teacher at Berryville school in grade 1, Carol Sweeney at Pleasant Prairie in grades 7-8, Karen Doering in Prairie Lane school in grade 6. Others will be Donna Tilton at Randall school in grade 4 and Kathleen Wach at Hillcrest school for grades 3-4.

Kansasville school will gain Harry Erickson as a cadet teacher in grades 7-8.

The national camping area for Explorer Scouts is the 127,000-acre Philmont Scout ranch near Cimarron, N. Mex., operated by the Boy Scouts of America.

New Chemical Pellets Control Water Weeds

A revolutionary new herbicide that controls water weeds, and makes possible the treatment of lakefront property on an individual basis has been developed by the Chemical Insecticide Corporation. Called Chem Pels 2, 4-D, the new herbicide carries the active ingredient directly to the root areas of unsightly water weeds, controlling both submerged and emergent broadleaved aquatic vegetation.

Least affected by dilution, the new Chem Pels 2, 4-D are a boon to owners of lake frontage plagued by smelly and unsightly water weeds that decrease value of property, create mosquito breeding areas, and make water recreation impossible. The pellets, specially hardened, retain shape and form for long periods under water, with a subsequent long period of toxicant release and prolonged residual effects. Lake front owners can thus treat their own individual property regardless of what their adjoining neighbors do, eliminating the need for combined efforts that are frequently hampered by a few reluctant property owners.

The low-cost pellets are applied easily by hand, are non-toxic to man and animals, and provide residual control up to two years. For further free information about this amazing new product, write Chemical Insecticide Corporation, 30 Whitman Ave., Metuchen, N. J.
